

Chartered Institute of Logistics and Transport Qualifications

Working in Partnership with The Chartered Institute of Logistics (CILT) from Feb 2010 The Warrington Business School is offering the professional CILT qualifications.

The Warrington Business School (WBS) is a leading logistics training provider in the North West offering employers a broad range of practical solutions to drive organisational performance within the industry. Our focus is to develop your people, your talent and your potential. We are a trusted provider to employers across the North West. Building on the success of the current portfolio The Warrington Business School is launching the CILT professional qualifications in February 2010.

What are we offering?

- CILT Level 2 - Introductory Certificate
- CILT Level 3 - Certificate
- CILT Level 5 - Professional Diploma

Who are the qualifications aimed at?

Level 2 - New entrants to profession and staff wishing to improve industry knowledge.

Level 3 - Supervisors / First Line Managers equipping them with management skills and deeper knowledge of the industry.

Level 5 - Middle / Senior Managers and Graduates

What do the courses provide?

Level 2 - A broad understanding of logistics and transport.

Level 3 – Development of management skills you will use in your daily interactions and will use in the future. A deeper insight into your chosen industry specialist function.

Level 5- A strategic view of logistics and transport operations.

How are the courses delivered?

The courses are delivered by modular workshops and are usually assessed by an exam. Ongoing assignment based assessments can also be arranged.

How long do you have to study?

Level 2 - 10 days across a 1 year period.

Level 3 - 15 to 20 days across a 1 year period.

Level 5 - 22 days across an 18 month period.
